I do not support policy no. HS03 within the Silvertown neighbourhood plan as the criteria listed do not go far enough to mitigate the impact of the proposed development. This proposed development is in the countryside and this is undesirable sprawl. There will be increased traffic on a very quiet country lane. I see that the criteria state that there must be no detrimental impact on the skyline but the view from St Mary's church and the Bury is of pure open countryside, towards Killerton. I do not believe that this should be interrupted at all as probably the most important historic site in the village.
