Subject: FW: [External] Public consultation on an Air Quality Supplementary Planning Document and Non Statutory Interim Planning Policy Statement: Climate Emergency

Dear Forward Planning team

Thank you for your email below regarding the Air Quality Supplementary Planning Document and Non Statutory Interim Planning Policy Statement: Climate Emergency Consultations.

The Coal Authority is a non-departmental public body sponsored by the Department of Business, Energy & Industrial Strategy. As a statutory consultee, the Coal Authority has a duty to respond to planning applications and development plans in order to protect the public and the environment in mining areas.

As you are aware, Mid Devon District Council lies outside the defined coalfield and therefore the Coal Authority has no specific comments to make on any stages of your Local Plan; SPDs etc.

In the spirit of ensuring efficiency of resources and proportionality, it will not be necessary for the Council to provide the Coal Authority with any future drafts or updates to the emerging Plans. This email can be used as evidence for the legal and procedural consultation requirements at examination, if necessary.

Kind regards

Deb Roberts
