Comments on Air Quality Supplementary Planning Document (SPD)(If you are responding to specific sections or paragraphs of the consultation documents, please support us by indicating which sections these are in your response)

A very complete plan for how to deal with the impact of developments but you need to remember that the area surveyed needs to include roads that supply the development . For example there has been much development beyond and in Crediton and this is having a big impact on the villages lying on the A377 from Crediton to Exeter.
