YOUR COMMENTS ON THE CASE

I have known Dean Aggett and visited him at the forge at his home several times over the last 20 years or so. He has carried out several specialised repairs for me, most recently making a metal casement for an original C18th window in a listed building. He has always had a range of interesting vintage vehicles parked outside including the rare bow-top gipsy caravan that I entrusted to him in 2016 for complex repairs.

We have discussed traditional building techniques and compared notes on orchards, hay meadows etc which we have both been maintaining at our respective homes. He has lived and worked at Meadow Forge as long as I have known him.

He is a particularly useful member of the community and I cannot understand why he is being hounded in this way [REDACTED] [REDACTED].
