3		The site is outside defined settlement limits, where permanent dwellings with unrestricted occupation would be contrary to adopted planning policy, however the application is considered to be in accordance with policies COR18 of the Core Strategy 2007 and DM24 of the Local Plan Part 3 (Development Management Policies).			
4		To ensure development is appropriate to the approved tourism use, the future amenity of the holiday business and to safeguard the character and visual appearance of the Blackdown Hills AONB in accordance with Mid Devon Core Strategy policy COR2 and policies DM2, DM24 and DM29 of the Local Plan Part 3: (Development Management Policies).			

#### Reasons

The proposed holiday lodges are considered to be appropriate for the rural setting and the design, scale and materials are not considered to constitute harm to the immediate setting or wider rural area. A suitable access is already in place with no perceived substantial increase in vehicular movements. It is considered that the holiday lodges will not have an unacceptable impact on the privacy and amenity of neighbouring properties, or harmful impact on the immediate surroundings or Area of Outstanding Natural Beauty. As such the proposal is deemed to be in accordance with policies COR1, COR2 and COR18 of the Mid Devon Core Strategy 2007, DM1, DM2, DM3, DM8 and DM24 of the Local Plan Part 3 (Development Management Policies), and the National Planning Policy Framework. <b>15/00033/FULL</b>	Ravensdale Blackborough Cullompton Devon EX15 2HJ	Change of use of residential garage/workshop to dwelling	REFUSE	COMM	19/03/2015
----------------------	--	--	--------	------	------------

#### Reasons

- 1 The existing building is located outside of an adopted settlement limit and is considered to be in an isolated location, its conversion would constitute a new isolated home in the countryside, contrary to policy. No evidence has been submitted to demonstrate that any of the special circumstances set out in paragraph 55 of the National Planning Policy Framework have been met. Despite being considered a rural building by virtue of its rural location, the building does not have a typically rural appearance due to its shape and form as a result of its recent construction for ancillary residential purposes, nor do its construction materials constitute a character feature worthy of retention. The building is not considered to be of any intrinsic merit and isn't thought to positively contribute to Mid Devon's rural character; as such the building fails to meet the preliminary character test of Policy DM11. In addition there is no evidence to suggest that the buildings permitted use is redundant. Regardless of whether it could be converted without significant alteration, extension or rebuilding, utilising an existing access, and without harming any nature conservation interests, the proposed development is considered to be contrary to Policies COR2, COR9, and COR18 of the Mid Devon Core Strategy (Local Plan Part 1) and Policy DM11 of the Local Plan Part 3 (Development Management Policies). The application is therefore recommended for refusal.

The sections of new hedgerow as identified on drawing 2014.057.01 shall be planted with native species and shall be carried out within 9 months of the formation of the new access; and any sections of the hedgerow which within a period of five years from the implementation of the scheme (or phase thereof) , die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.

- 2 For the avoidance of doubt and in the interests of proper planning.
- 3 In the interest of highway safety to ensure adequate visibility at the point of access and egress from vehicles entering or leaving the site and to safeguard the visual amenity of the area in accordance with Mid Devon Core Strategy (Local Plan Part 1) Policy COR2.
- 4 To prevent surface water run off onto the highway.
- 5 In the interest of highway safety.

**Reasons**

The creation of a new farm entrance at this site is considered to be reasonably necessary in order to provide an alternative and more suitable means of access for visiting traffic to the holding. The proposed access, whilst in reasonable proximity to the grade 1 listed church is not considered to have a harmful impact on the setting of the church which is clearly defined by its boundary walls. The proposed access will change the appearance of the immediate area however there are a number of accesses along the road and it is not considered that the proposed access would have a harmful impact on the wider street scene. The proposal would result in approximately 20m of hedgerow being removed, however from an assessment point of view it is not considered that this aspect of the proposal, given the overall context and length of hedge, would have an unacceptable adverse impact on the overall character of the area or on potential of the area as a wildlife habitat. The submitted plan demonstrates that sufficient visibility can be provided, and overall it is therefore not considered that the application scheme would have an adverse impact on the local road network. On this basis the application scheme is considered to be in accordance with the following policies; Mid Devon Core Strategy (Local Plan part 1) COR2 and COR18, Local Plan part 3 (Development Management Policies) DM1, DM2, DM22 and DM27 and Government advice in the National Planning Policy Framework.
