

Northwest Cullompton Urban Extension Stage 1 Consultation

Completing this questionnaire is one way for you to get involved in the masterplanning of the urban extension at northwest Cullompton. The land is allocated in Mid Devon's Development Plan for mixed housing and employment development, as well as green infrastructure and community facilities.

Before completing this questionnaire, please ensure you read the consultation documents available at www.middevon.gov.uk/masterplanning, and submit your response by 12th October 2014. Thank you for your time.

The masterplan will need to take account of and enhance natural/environmental features of the site and its surroundings. Are there existing environmental features you would particularly like to be protected or enhanced?

GOBLIN LANE

We have been given verbal assurances that this will not become a motorist 'rat run'. Would like to see this in writing. Can money from the builders be used to tarmac down the lane end put in proper drainage.

Goblin Lane

EX15 1BB

Planning policy allocates the site for 1100 dwellings and employment. Due to site constraints, this cannot be achieved. Only 700 houses are likely to be provided on the allocated site. It is unlikely that this will be enough to pay for the infrastructure that would be required including the new road, primary school and other community facilities. Should the boundaries between the green infrastructure and housing land be amended in order to increase the amount of housing to compensate for this and pay for these facilities?

Empty response box for the second question.
