## Northwest Cullompton Urban Extension Stage 1 Consultation

Completing this questionnaire is one way for you to get involved in the masterplanning of the urban extension at northwest Cullompton. The land is allocated in Mid Devon's Development Plan for mixed housing and employment development, as well as green infrastructure and community facilities.

Before completing this questionnaire, please ensure you read the consultation documents available at [www.middevon.gov.uk/masterplanning](http://www.middevon.gov.uk/masterplanning), and submit your response by 12th October 2014. Thank you for your time.

**The masterplan will need to take account of and enhance natural/environmental features of the site and its surroundings. Are there existing environmental features you would particularly like to be protected or enhanced?**

PLANNING  
10 OCT 2014  
TIVERTON

**Planning policy allocates the site for 1100 dwellings and employment. Due to site constraints, this cannot be achieved. Only 700 houses are likely to be provided on the allocated site. It is unlikely that this will be enough to pay for the infrastructure that would be required including the new road, primary school and other community facilities. Should the boundaries between the green infrastructure and housing land be amended in order to increase the amount of housing to compensate for this and pay for these facilities?**

## Northwest Cullompton Urban Extension Stage 1 Consultation

**The development will increase traffic. How should this be dealt with and where should the proposed road connect into Tiverton Road and Willand Road?**

**The residential element will provide a range of housing types and affordability. What types of housing would you like to see?**

## Northwest Cullompton Urban Extension Stage 1 Consultation

**The urban extension proposes employment floorspace. What types of employment should this include and where should it be located?**

**Where should the new primary school be located?**

## Northwest Cullompton Urban Extension Stage 1 Consultation

The masterplan will provide major areas of green and recreational space. What should this include? Where should new sports pitches be located?

OPTION 2 The new sports pitches suggested near Tiverton Road are actually shown placed on a sloping field. (Not flat as described in 'Cons')  
The adjacent building land is shown on an absolutely flat field.

### SUGGESTION:

The sites should be reversed with the sports pitches on the flat field and the building sites on the sloping field.

This I would also place the pitches that much nearer to Cullompton and its schools.

The policy proposes a new community centre and youth facilities. What new community facilities are needed? Where should they be located?
